

Q) How to manage transition ?

Ans → When we turned college student to corporate life we have change our connections, behaviour, communication style & also be punctual about our work & office timings.
We have to leave old habits to reach late or leave old friends & connections & make new connections in our corporate office.

Q) How to manage stress ?

Ans → First we have to address the stress by relaxing ourself. If for e.g. we have stress related to complete our work within a deadline in this situation first think about the work that you have to complete, then also discuss this situation to your seniors. They will provide you a better solution.

Q) How you prepared for interview ?

Ans → First we have to prepared about our technical skills, after that do research about company in short. After preparing technical question then you have to focus on your softskills also like communication, behaviour, impression, & be in formal ways.
